Preparation

Please bring this form, your insurance information, and any related prior images (x-rays) with you to your appointment.

MRI

No preparation is required for MRI studies EXCEPT for MR Cholangiogram/MRCP which requires no eating, drinking, smoking or chewing gum six (6) hours before the exam. Take medications with a sip of water.

CT OR CAT SCAN (COMPUTERIZED TOMOGRAPHY)

Brain, head, spine or extremities

No preparation required.

Soft tissue neck, chest, abdomen or pelvis

The day prior to the exam, eat and drink normally, taking all usual medications.

No food or drink four (4) hours before the exam. Bring prior MRI and CT images. Take all usual medications with a sip of water.

Myelogram studies

No food or drink four (4) hours before the exam. Bring prior MRI and CT images. You will need a ride home.

Cardiac CT

Please call CMI for specific preparation instructions—503.216.8400 (Tanasbourne) or 503.216.0660 (Bridgeport).

FLUOROSCOPY

Colon, enema studies or small bowel follow through

LO-SO PREP kit to be started 24 hours prior to exam. Available at CMI reception desks.

Upper GI, esophagus or barium swallow

No food, drink or chewing gum after midnight.

Myelogram studies

No food or drink four (4) hours before the exam. Bring prior MRI and CT images. You will need a ride home.

MAMMOGRAPHY

No deodorant, perfume, lotion or powder may be worn on the breast or underarm area.

ULTRASOUND

Abdomen, liver, spleen, pancreas, gallbladder, kidneys and aorta

No food or drink for six (6) to eight (8) hours prior to the exam.

Take medications with a sip of water.

Pelvis

32 oz. of water beginning 60 minutes before the study and consumed in the first 30 minutes of this time frame. Do not empty your bladder.

OB

32 oz. of water beginning 60 minutes before the study and consumed in the first 30 minutes of this time frame. Do not empty your bladder.

Breast or breast aspiration

Previous mammography and ultrasound images required, if available.

Testicles or thyroid

No preparation needed.

GENERAL X-RAY

No preparation needed.

Note: If you are unsure of exam preparation requirements, please contact CMI for further instructions. CMI will also facilitate scheduling of interpreters.
